## View All Vehicles At Same Time

A detailed screenshot of the SinoTrack web application. The interface is divided into several sections: a top navigation bar with tabs for Position, Replay, Geofence, Report, Manage, and Overview; a left sidebar with a "User list" and a search bar; a central "Map monitoring" area showing a world map with numerous colored location markers; and a right sidebar with a "Real data" section containing various vehicle status indicators like Position, Alarm, Recorder, etc. The map shows a high density of vehicles across Europe, Africa, and Asia.
